

Multi-tool

Prestashop module
v. 1.0.0

Compatibility

PrestaShop 8.x

Goal

Versatile suite of tools and instruments for extending both Front Office and Back Office functionalities, improving user experience and expanding admin options with powerful management opportunities

Benefits for Merchants

- Multi-tool is an **“all-in-one” set** that contains tools that will help solve a wide variety of tasks and boost your PrestaShop store's performance! It's like a **Swiss army knife for the Prestashop admin** – must have!
- With each subsequent version release of the Multi-tool module, **the number of tools will increase** and you'll be allowed to enable some and disable others inside the module, just like in a real multi-tool.
- Currently, the set includes such tools as **“Add to cart redirect”** and **“Products cleaner”**. Much more will come!
- **You don't have to pay anything extra** - you'll always **get new tools inside** with every module update **for free!**
- **Unlock the full potential of your PrestaShop store** with the Multi-tool module. Streamline your operations, enhance your customer experience, and drive your sales to new heights.
- **Save time and effort with a suite of tools** designed to make your administrative tasks more efficient & improve your store's usability and attractiveness, leading to higher customer satisfaction and repeat purchases.

Benefits for customers

- Customers will appreciate the quality of your store, the accuracy and relevance of the data in it (products management, etc), the speed of loading the site and many additional functions that are simply absent in competing stores!
- **“Multi-tool”** is a combiner of possibilities that you can connect or disconnect from the number of available tools. Stay ahead of the competition with cutting-edge features that keep your store modern and efficient!

Features

- **“Multi-tool”** is a universal set of tools that you can enable or disable as needed. For example, you can activate only **“Add to cart redirect”** tool and others will remain disabled. Tomorrow you will need the **“Products cleaner”** tool - no problem, you just activate it in the module and use for free! You can activate all the tools and use them all at the same time - you do NOT pay anything extra!
- To enable any tool, you do not need to download anything or log in - just click on the "Activate" button in the list of available module tools. All of them are immediately in the **“Multi-tool”** module and can be accessed at any time.
- With each new release of the **“Multi-tool”** module, more and more tools will appear in it. All of them are free! You only need to purchase the module once and receive updates forever.

List of included tools:

- Custom product Labels
- Affiliate Program with Referrals & Promotional Links (URLs)

Installation:

- Upload the module through the Backoffice (Modules > Upload a module)
- Hit Install it and enter the configuration

The screenshot shows the PrestaShop 8.1.3 backoffice interface. The top navigation bar includes the PrestaShop logo, version 8.1.3, a 'Quick Access' dropdown, a search bar with the placeholder text 'Search (e.g.: product reference, custom', and notification, user, and fingerprint icons. The left sidebar contains a navigation menu with categories: 'Customer Service' (Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International), 'ELEGANTAL' (Easy Import Products), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is titled 'Multi-Tool > Multi-Tool Settings' and features a 'Multi-Tool' heading and a 'Help' button. Below this is a 'Components (2)' section containing a table with two entries:

Logo	Name/Description	
	Custom Product Labels Version: 1.0.2 Add any product labels and increase your sales	Uninstall
	Affiliate Program with Referrals & Promotional Links (URLs) Version: 1.0.1 Increase your store sales via extra traffic from affiliate links placed by referrals anywhere: social networks or sites! Each your referral will be able to generate unique URLs to categories or pages and control the statistics of conversion and sales	Install

Custom Product Labels Tool

Creates and displays custom labels and stickers on product images so they will become more visible and attractive for buyers. Label can show different information (discounts, novelty, popularity, sales, etc.).

Benefits for Merchants

- informative admin-page with a list of all created labels and the ability to filter and quickly disable or delete them
- creation of an unlimited number of labels with individual settings
- 4 conditions of labels displaying:
 1. Special offer - for all discounted products
 2. New products - for new products
 3. Best sellers - sales leaders
 4. Manual products - manual selection of the desired product
- disable the display of standard PrestaShop stickers
- separate settings for each language:
 1. ability to disable display for a specific language
 2. icon type (no icon / choose from the standard ones / upload your own image / Font Awesome icon - more than 700 pieces)
 3. add any text
 4. choose a position (in any corner or in center)
 5. customize your styles

Benefits for customers

- attractive products presentation with actual labels of sales and much more;
- visual filtering of products by labels/stickers with discounts and much more;
- feeling of vivid and live store with individual approach

Features

- admin can design any custom styles labels / sticker;
- any location, fonts, sizes
- Font Awesome icons
- custom images upload
- flexible language settings

Affiliate Program with Referrals & Promotional Links (URLs)

Tool

Increase your store sales via extra traffic from affiliate links placed by referrals anywhere: social networks or sites! Each your referral will be able to generate unique URLs to categories or pages and control the statistics of conversion and sales

Benefits for Merchants

- increase in **product sales thanks to referrals**
- expanding the **store's audience and traffic**
- distribution of products through **affiliate links in social networks** and websites
- **additional trust** in the store products – referrals have authority and reputation in their audiences
- **easy tracking of referral link statistics (each link has a unique code in URL)**
- panel for **management of referrals** and their **affiliate links**
- ability to append **the selected product or categories** to each unique affiliate link
- **control of conversions and orders** through the affiliate links
- flexible settings of **campaigns and referral programs**

Benefits for customers

- **more entry points** to the online store (traffic from social networks with **affiliate links**, etc.)
- customers can follow the **affiliate link** with the desired product or category easily and directly without an extra search
- referrals can monitor the conversion and orders on their **affiliate links** directly in the user's account
- referrals can see **data related to the orders** created via their **affiliate links** (date, amount and list of products)
- **unique referral code** in each unique affiliate link for accurate control

Features

- **multilingual** compatibility
- creation of marketing **campaigns for referrals**
- **affiliate links** generation with a **unique referral code** attached to the campaign
- **control of conversions and orders** after following the affiliate link
- control of the order price for the **products selected while the affiliate link was generated** in the admin-panel (other products in order will be ignored)
- adding a **description for the campaign or link**
- attaching the referral (PrestaShop user) to the affiliate link so that **he can see its statistics** in user-panel
- view **affiliate** link statistics by both the referral and the customer
- separate products or categories appending to the affiliate link
- convenient **affiliate link** copying

The module adds two subsections in the marketing section:

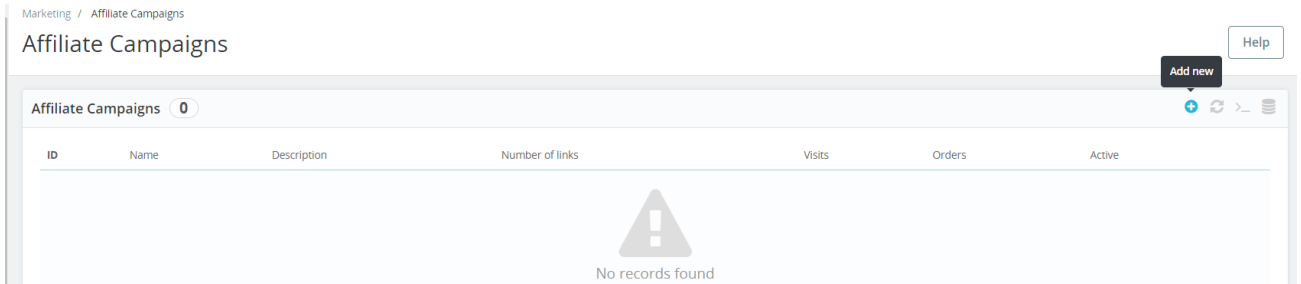

- **Affiliate Program** – page with a list of all affiliate links
- **Affiliate Campaigns** – page with a list of all campaigns

Since affiliate link building is not possible without at least one campaign, the first thing to do is to create a campaign!

Creating a campaign

- click on **Add New**

To create a campaign, you only need to enter its name and, if desired, a description:

Campaign creation fields:

- **Name** – the name of the campaign
- **Description** – description of the campaign
- **Enabled** – campaign status, **Yes / No**

After that, you can create an affiliate link.
